THEN

NOW

An average of 20 tropical cyclones (bagyo) form or enter the Philippine Area of Responsibility (PAR) with around 8-9 of them eventually making landfall according to PAGASA. More often, these landfalling tropical cyclones, especially the intense ones leave a trail of destruction in its path.

In the past 74 years, numerous tropical cyclones have crossed the Philippine archipelago, ranging from barely even tropical depressions to record breaking super typhoons. Even without a map outline, the density of land-crossing tropical cyclone tracks noticeably trace much of Luzon and Visayas region.

However, it is essential to note that tropical cyclones need not to directly cross the province in order to have impacts. There were already instances of just the outer circulation of tropical cyclones or enhanced monsoons that also triggered landslides and flooding.

MANILA — President Ferdinand “Bongbong” Marcos Jr. issued a scathing rebuke of corruption in government infrastructure projects during his fourth State of the Nation Address (SONA), singling out anomalous flood control projects and ordering the Department of Public Works and Highways (DPWH) to submit a full audit of projects over the past three years. **MAHIYA NAMAN/2**

SEN. RODANTE MARCOLETA: Bakit po hindi man lang nakonsulta ang blue ribbon committee? Bakit kailangan po ang House of Representatives Speaker ang mananaig sa kanyang request? Kalabisan na po ba ng blue ribbon committee ng araw na iyon?

SENATE PRESIDENT TITO SOTTO: May I be clarified on what day that transpired?

SEN. MIGUEL ZUBIRI: Monday was the hearing here (Senate). Monday he was cited in contempt. But the hearing in the House was on Tuesday, September 9.

SOTTO: So in the evening (of Tuesday) when the Speaker called me, Senator Marcoleta was no longer chairman of the blue ribbon committee... It was already Senator Lacson.

MARCOLETA: Ibig bang sabihin po Mr. President nawawalan ng bisa yung ginawa namin?

SOTTO: Ang iniwan ninyo cite in contempt. Eh legal custody ang gusto niya... He was still under the legal custody of the Senate.

MEMORANDUM CIRCULAR NO. 96

Pursuant to Proclamation No. 60 (s. 1992) which declared the last week of September of every year as Family Week and Proclamation No. 326 (s. 2012) which declared the fourth Monday of September of every year as "*Kainang Pamilya Mahalaga*" Day, work in government offices in the Executive branch shall be suspended on 22 September 2025 starting 1:00 p.m.

However, those agencies whose functions involve the delivery of basic and health services, preparedness/response to disasters and calamities, and/or the performance of other vital services shall continue their operations and render the necessary services.

This Office also encourages all government workers in the Executive branch to fully support the programs and activities relative to the observance of Family Week, as organized by the National Committee on the Filipino Family.

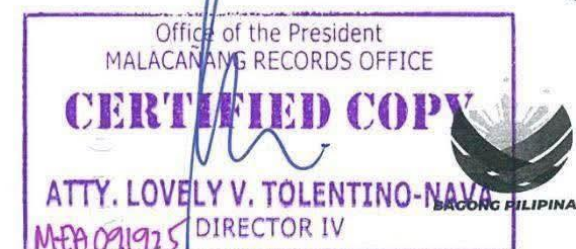

The suspension of work in other branches of government, independent commissions or bodies, and private sector is also encouraged, so as to afford all Filipino families the full opportunity to celebrate the 33rd National Family Week.

This Circular shall take effect immediately.

DONE, in the City of Manila, Philippines, this 19th day of September in the Year of our Lord Two Thousand and Twenty-Five.

CENTRAL PHILIPPINE UNIVERSITY REPUBLIC

OFFICIAL STATEMENT

Today, on the anniversary of the declaration of Martial Law, we stand with the Filipino people to declare: **NEVER AGAIN, NEVER FORGET!**

As the oldest student governing body in Southeast Asia, the Central Philippine University Republic has always stood for integrity, accountability, and service to the people. Today, **we raise our voice alongside the nation in the Trillion Peso March** - a movement that confronts the painful reality of corruption that continues to rob Filipinos of their future.

Nearly ₱1.9 trillion has been allocated to flood control projects. Yet our communities still drown, homes are lost, and lives are disrupted. Why? Because more than half of this massive sum was allegedly lost to corruption, buried in weak transparency, irregularities, and questionable implementation. This is not simply mismanagement, it is a betrayal of public trust and a direct assault on the dignity and welfare of every Filipino.

Imagine what ₱1.9 trillion could have achieved: fully equipped hospitals across the country, quality education for millions of students, housing for the poor, efficient transport systems, or sustainable livelihood programs for our workers and farmers. Instead, the nation is left with broken promises and wasted futures.

We, the **Central Philippine University Republic**, **refuse to be silent**. As student leaders, we affirm our duty to resist silence and complacency. Public office is a public trust - and those who betray it must be held to account. Just as the people once filled EDSA to topple dictatorship, **we march today to challenge corruption and demand accountability**.

In Iloilo City, we march together:

- **Assembly: 2:00 PM, Jaro Plaza**
- **March: 3:00 PM, from Jaro Plaza to Iloilo Provincial Capitol**
- **Attire: Wear white. Bring your calls. Bring your courage.**

The Trillion Peso March is more than a protest, it is a call to action: to reject corruption in all its forms, to demand full transparency, and to remind those in power that the nation will never bow to greed.

Let the corrupt tremble at the sound of our voices. Let this day remind the powerful that the youth are watching, the people are rising, and the nation will not be silenced.

NEVER AGAIN to corruption. NEVER AGAIN to tyranny. NEVER AGAIN to betrayal of the people's trust!

For Truth. For Justice. For the People.

Oratio Imperata For Deliverance from Calamities

Almighty Father, we raise our hearts to You
in gratitude for the wonders of creation
of which we are part,
for Your Providence in sustaining our needs,
and for Your Wisdom that guides
the course of the universe.

We acknowledge our sins against You
and the rest of creation.
We have not been good stewards of Nature.
We have confused Your command to subdue the Earth.

The environment is made to suffer our wrongdoing,
and now we reap the harvest of our abuse and indifference.

Global warming is upon us, typhoons,
floods, volcanic eruptions,
and other natural calamities occur
in increasing numbers and intensity.

We turn to You, our loving Father,
and beg forgiveness for our sins.
We ask that we, our loved ones and
our hard earned possessions
be spared from the threat of calamities,
natural and man-made.

We beseech You to inspire us all
to grow into responsible stewards of Your creation,
and generous neighbors to those in need.

Amen.

OUR LAND ENVIRONMENT

PHILIPPINE LAND COVER MAP (2024)

Data from ESRI Impact Observatory, ESA Sentinel-2 imagery at 10m resolution

Land Cover Types (ESRI):

● Built area

Buildings and paved areas built by people. This includes transportation systems like roads and railways, big areas covered in hard surfaces like parking lots, offices, and homes.

● Trees

Large areas with lots of tall (over 4.5 meters) and thick plants, usually with a roof-like covering formed by their leaves and branches. This could be forests, patches of dense tall plants in grasslands, tree farms, or even swamps and mangroves.

● Crops

Fields of grains and other crops grown by humans, shorter than trees. This includes things like corn, wheat, soybeans, and even plowed fields that are resting (fallow) for a season.

● Rangeland

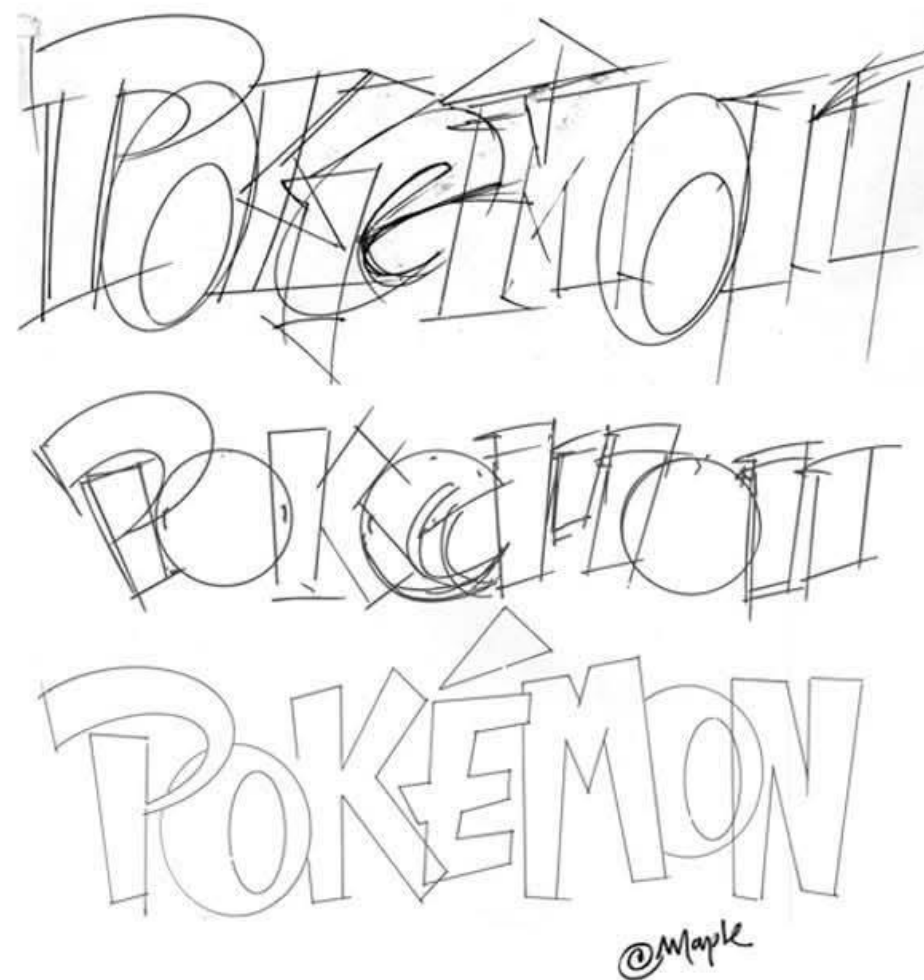

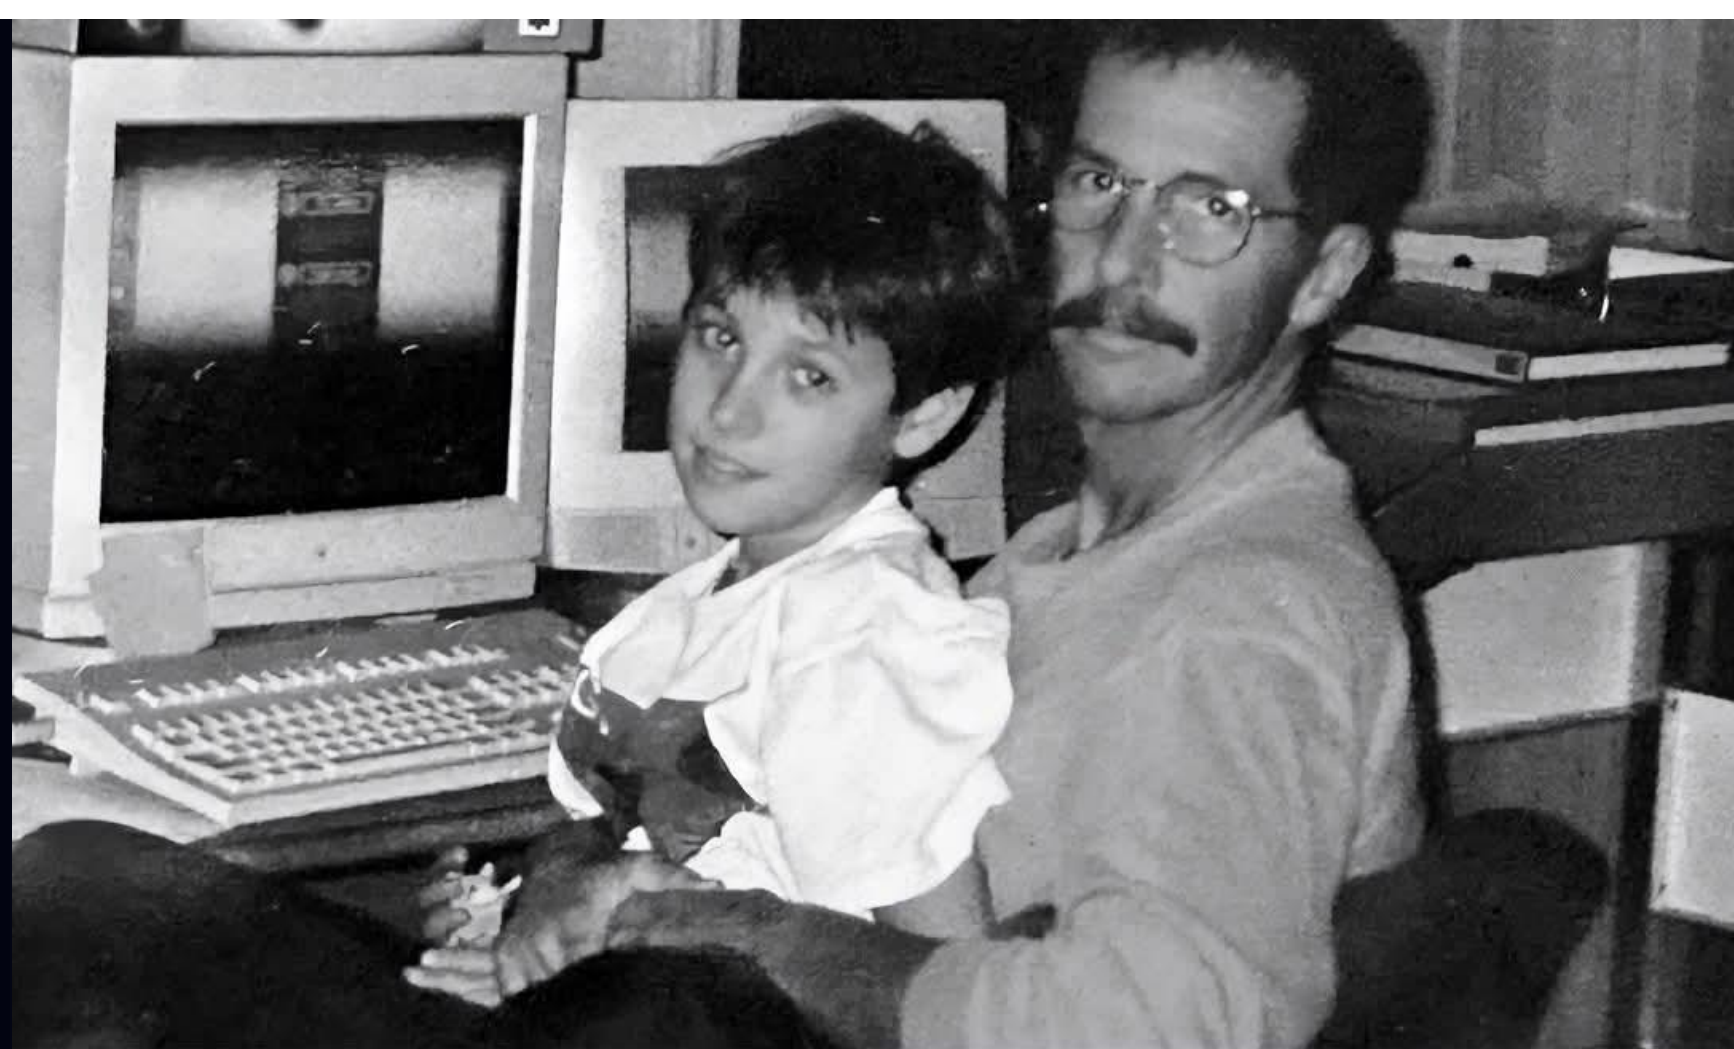

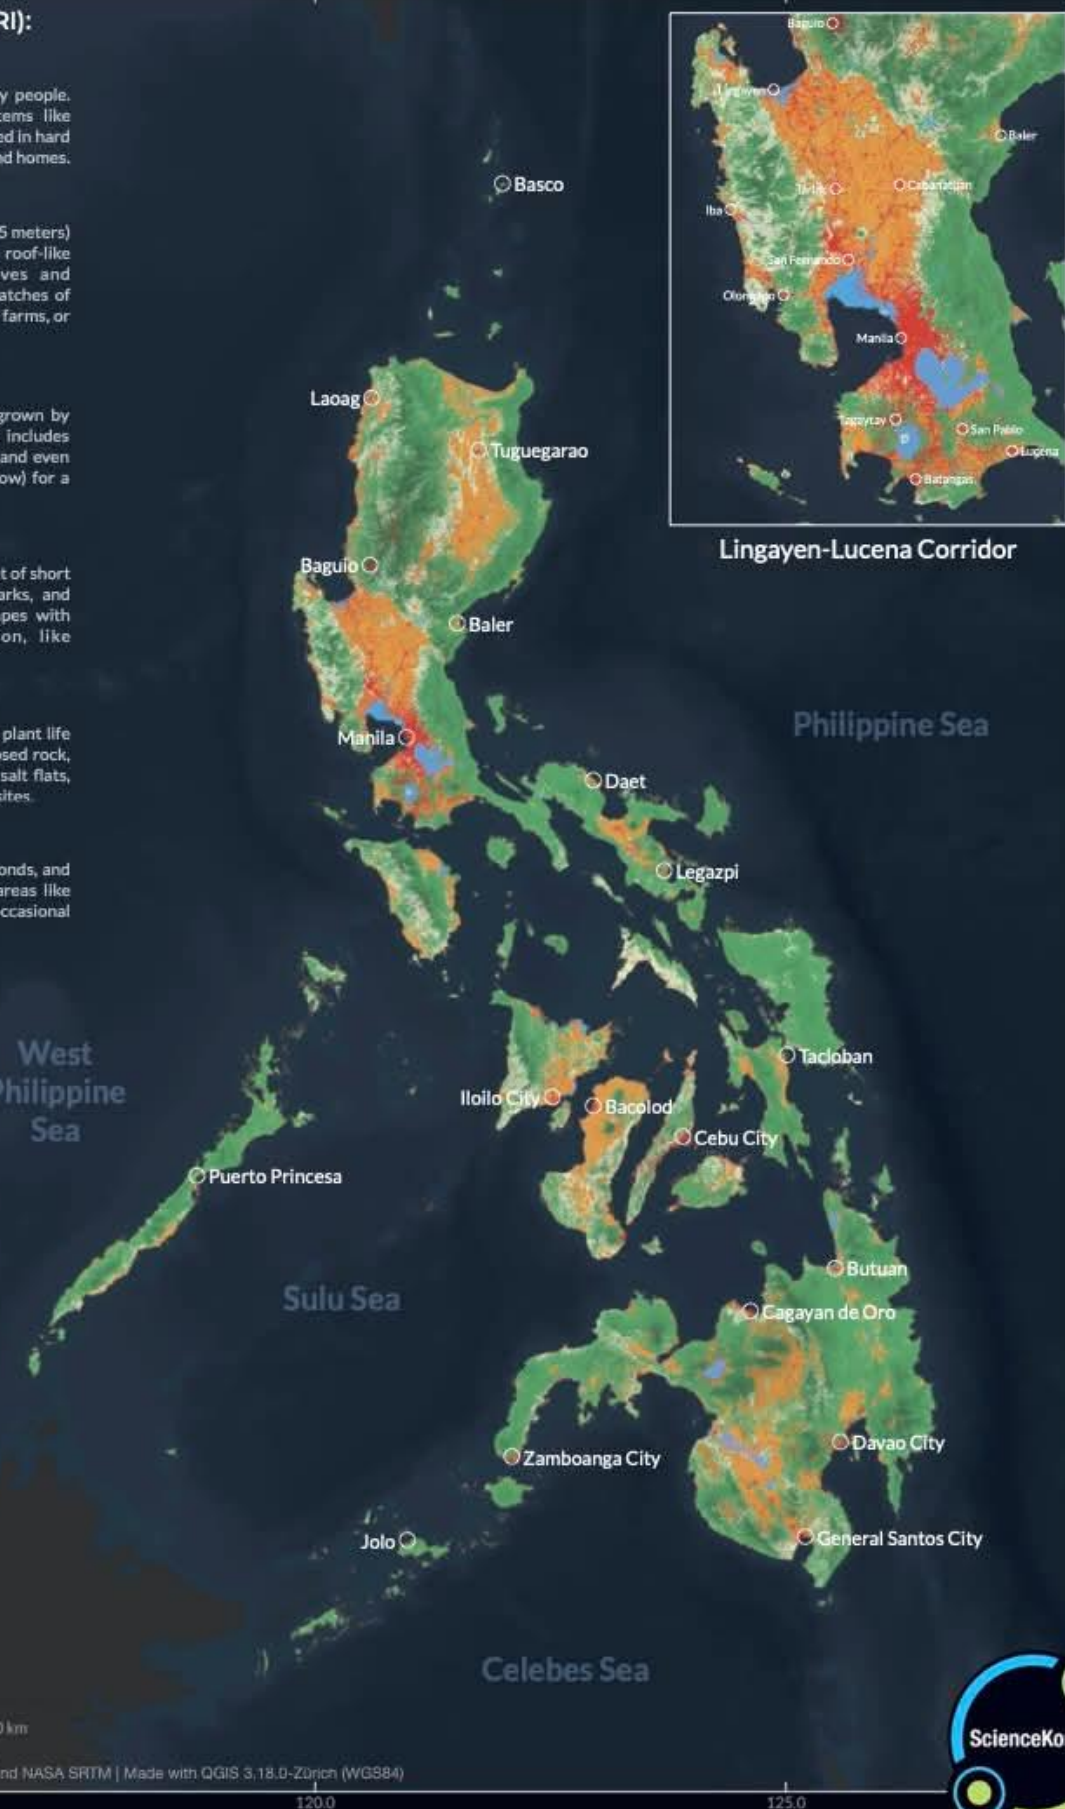

Open areas with a consistent carpet of short grasses, like natural meadows, parks, and pastures. It also includes landscapes with scattered, low-lying vegetation, like shrublands and some savannas.

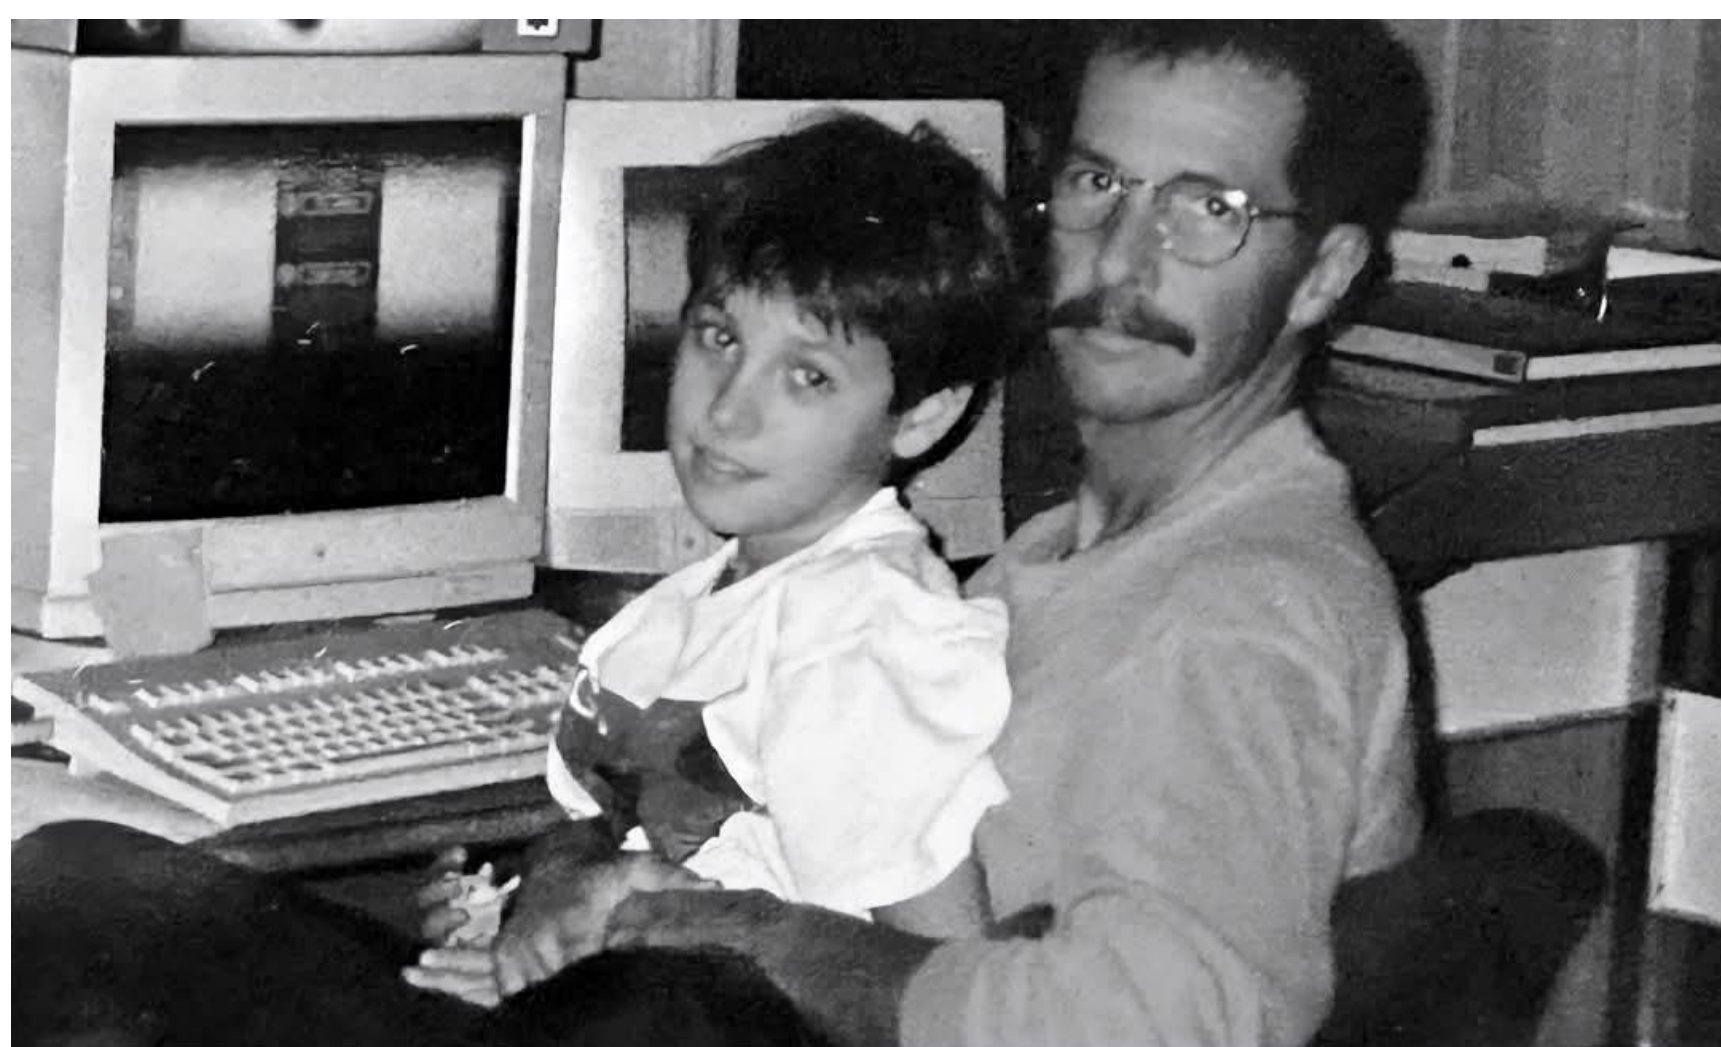

● Bare Ground

Barren landscapes with little to no plant life year-round. Examples include exposed rock, vast deserts with sand dunes, dry salt flats, and even dried lake beds and mine sites.

● Water

Large bodies of water like rivers, ponds, and lakes. This also includes flooded areas like salt flats, but not places with only occasional or temporary water.
